CLOVE ANODYNE TOOTH-ACHE DROPS.
The Old Anodyne is the best of all Tooth-ache remedies. It is immediate and certain in its effects, curing the most violent tooth-ache, or pain in the gums in ten minutes. Experience has proved that this Anodyne composition will give immediate and permanent relief, after the failure of every other remedy. It is pleasant to the taste and smell; will not injure the teeth or gums in any way; and a few applications will entirely renovate the pain and soreness from a decayed tooth, so that it may be filled and rendered useful as ever. When the pain proceeds from the face or gums around a tooth apparently sound, this application will give immediate relief, by rubbing a few drops to the part affected. Price 25 cents. BENJ. BROWN
Portsmouth, R. I. July 15, 1847.

The Newburyport Herald contains some further particulars in relation to the hanging of Boyington in Alabama, for a murder of which he was innocent. It states that he wrote several interesting letters to his mother at the time, declaratory of his entire innocence of the charge, from one of which the following extracts are made:

"The Supreme Court has decided against me, and in three days I shall undergo the sentence of the law. I must die. It is hard—it is terrible; but I shall endeavor to sustain myself as an innocent man ought. Under all my sufferings, undeserved though they have been, I have preserved that calmness and self-possession which seldom, if ever forsakes me, and I trust that in the last trying hour that firmness will not fail to sustain me."

My greatest desire now is to satisfy my mind upon religious affairs, and I am daily visited by ministers of the gospel. To them I shall make no reserve, but upon all subjects speak with candor and sincerity. I shall read the statement that I wrote since my sentence, of all the facts relating to my case, with which I am acquainted. The document will probably be printed after my death, and I shall leave orders to have several copies forwarded to you. There is now no hope of life left for me; but if that statement succeeds in convincing the world that I am innocent, and removes the disgrace from my family and friends, the object for which it was written will be attained.
Mother, I can say but one word to you—be calm, be comforted; let not the untimely death of your son destroy you too; be above my fortune, and above the world.

AN INCIDENT AT THE BATTLE OF MONTEREY.
While Col. Davis, with his command, was hotly engaged with the enemy exposed to a direct fire, a man in a long grey suddenly rode up, and dismounting, placed himself in the face of the enemy, amidst the thickest of their fire, he coolly drew from a case suspended about his person, a spy-glass, with which, having adjusted it to a proper focus, he proceeded to reconnoitre the Mexican battery. Having satisfied himself as to the information he sought, he shut up the glass, returned it to its case, and approaching Col. Davis, said to him—"Sir, the enemy has but two pieces, and by making a detour to the right you can take them in flank." "And who the devil are you?" "I, sir, am Major Mansfield, of the corps of engineers." "All right! come on boys!" responded the Colonel. The battery was soon carried.

WASHINGTON IN 1801.—One can scarcely credit the description of Washington city as Mrs. John Adams found it in 1801. Mrs. John Adams thus speaks of the city in 1801: "Here and there," she writes, "is a small cut, without a glass window, interspersed amongst the forests, through which you travel for miles without seeing a human being." The house is upon a grand and superb scale, requiring about thirty servants to attend and keep the apartments in proper order. I could content myself almost anywhere for three months; but surrounded by forests, can you believe that wood is not to be had, because people cannot be found to cut and cart it? The house is made habitable, but there is not a single apartment in it finished. We have not the least fence, yard, or other convenience without, and the great unfinished audience room I make a drying room of, to hang up the clothes in. It is a beautiful spot, capable of every improvement, and the more I view it the more I am delighted with it."

The "great unfinished audience room," which Mrs. Adams speaks of, is the famous East room of the White House.

TRUE TRANSLATION.—The passage in Cicero's second oration against Cataline, "Abiit, excoipit, evasit, erepuit," has been thus happily rendered—"he's gone, he's cleared out, he's cut stick, he's absquatulated."

The fair Editress of the Boston Transcript, is about to take unto herself a husband.—*Charleston Patriot.*
The result will be, copy, copy, copy, set up in small caps.—*N. O. National.*

Almost Incredible.—The Brooklyn Advertiser says that on Sunday week a young and fashionably attired lady, was observed to remain seated for a considerable time in one of the saloons of the South Ferry boat on this side of the river, and on her departure was discovered, a few yards from the ferry gate, a fine healthy new born male child, to which she had given birth. In the confusion and excitement which ensued, she managed to elude pursuit, and the infant was taken in charge by a Whitehall boatman, who (if its unusual parent should not be found) intends to adopt it as his own.

THE DAILY NEWS.

Newport:

TUESDAY, SEPTEMBER, 7 1847.

BY O. F. JACKSON, 97-THAMES ST.

[Correspondence of the News.]

New York, Sept. 4, 1847.

FRIEND JACKSON:—The news received per the Caledonia is the all-absorbing topic of interest at present. Our merchants were not wholly unprepared for bad news but (using a Yankee's privilege) I guess they had no idea of the extent of it. The intelligence from abroad is important, and to business men it is of an alarming nature. Bills to a considerable amount have been returned protested. The decline in the price of flour and grain has produced many serious failures in commercial circles in England. It is estimated that the amount of liabilities of various firms affected, is about ten millions of dollars. Merchants throughout the United States will suffer severely. Speculators look rather blue, and many will be obliged to close up. New York will suffer to a greater extent, probably than any other section of the country, and were it not for the energy of her merchants, it would be a serious matter for some; but with *desperandum* for their motto, they will rise. Phoenix-like, from the ashes of the ruins, and soar still higher in the regions of trade and commerce. "So mote it be."

The starving poor of England and Ireland will profit by the panic. Provisions of all kinds will be cheaper, and the necessities of life will be placed within the reach of all. Those who have attempted to profit by the misery and poverty of their fellow-beings, have met with a severe and just rebuke.

We have arrivals of emigrants every day, but the number is not so great as it was early in the spring. New York is a great depot for emigrants, as the means of conveyance to the back country are numerous and cheap.

And while I think of it, I may as well tell you that New York is considerable of a village—almost large enough to fence in. The city is improving very rapidly; (except the dreadful particular of clean streets)—the present year, than in any preceding year within the memory of the oldest inhabitant. The adjacent cities, as a natural consequence follow in its footsteps. As the new comers arrive and tie up in the city, the old ones remove to Brooklyn, Jersey City, &c. Other places, more remote, such as Staten Island, Williamsburgh and Newark, also feel the influence of the onward progress of the Empire City, and are benefited by it.

The weather yesterday was most delightfully warm, the mercury ranging at only 84 in the shade. You may boast of your cool sea-breezes and surf-bathing, your pleasant drives and your fog, but for real nice, pleasant, sultry, hot weather, (at this time) New York is far ahead of you. I was about including your beautiful girls in your catalogue of boasted advantages, but as Miss Malaprop says, "Comparisons are odorous."

The New York, of the French line of steamers, I see, has paid you a visit. The cause short of fuel, the sunk with the Missouri, and something else with all the rest. The fact is that Johnny Crapeau cannot manage a line of merchants' and passengers' packets efficiently. If any more evidence were wanting than we had before, it is furnished by the failure of their ships to perform their trips; and from causes, too, within the power of man to prevent.

The Chinese have been acquitted by the court. They said that they were justified in scratching the mate of the Junk for his attempt to impose upon and ill-treat them.

The Whig young men of New-York have held a meeting and have resolved unanimously to stick to Harry of the West, during the next Presidential contest. They declare that in such a cause or with such a leader, they would rather sink, than float in triumph under the lead of another. Glorious Harry Clay, thou hast fast and true friends yet.

Yours ever, RAMBER.

WARNING.—The Cashier of the New Haven Bank gives notice that a parcel of ten dollar notes of the plate of the New Haven Bank, have been taken from the Printer's office, and put into circulation with forged signatures. The paper and impressions are perfect, and the signatures good imitations.

"CITY" ITEMS.

Yesterday morning, after a heavy shower of rain, the sun came out, and we had a very warm day.

BARK AMERICA.—The cutter returned to this harbor Sunday evening, without so much as getting a glimpse of the bark America. This bark was spoken on Sunday evening by the U. S. Surveying schooner Gallatin, off the "Sow and Pigs," in Vineyard Sound, but where she was bound no body knows.

We found among our exchanges yesterday, a copy of the *Lowell Daily Courier*, the paper recently purchased by our townsman, James Atkinson, Esq. This is a very neatly printed sheet, and is the leading whig paper in Middlesex County. Mr. Atkinson is assisted by Wm. S. Robinson, who has been connected with the paper for some time. We wish Mr. Atkinson abundant success in his new field.

A RARE CHANCE.—Offices for bringing about "judicious marriages" are getting to be quite fashionable now-a-days.

We wish some Yankee would establish one in our town, and we don't believe we are alone in our wish. The following advertisement we cut from the New York Herald of Friday:

MATRIMONIAL INTRODUCTORY OFFICE. No. 13 White street. The ladies (more especially) are respectfully invited to call and investigate this principle—as it gives them solitude in taste, disposition, mental capacity, &c., in the selection of a partner, with a certain guaranty of good moral character. Gentlemen and Ladies of the first respectability give it their countenance and support; references exchanged. Communications, with real names, post-paid will receive prompt attention, and be treated confidentially.

Hours for Ladies only with a lady in attendance, from 9 A. M. until 4 P. M. Hours for Gentlemen, from 6 until 9-12 P. M.

A. D. KILBY.

Should you happen to catch yourself whistling in a Printing Office, and the compositors tell you to whistle louder—don't you do it.

The *Weekly Symbol* for this week, published at Boston, contains a full account of a "Grand Festival of Odd Fellowship" given in Ireland for the Grand Master of the Order. The *Symbol* is a literary paper, partly devoted to Odd Fellowship, and is one of the best papers in the country. It is published by Jordan & Company, No. 20 State street.

"A FEW MORE LEFT."—Thomas McKean, of Pennsylvania, who is at present boarding at the Bellevue House, is a son of Thomas McKean, one of the signers of the Declaration of Independence and we have heard the names of two or three others mentioned who are still living.

The New York Mirror announces that which will enable them hereafter to give telegraphic reports from all the principal cities of news up to the latest moment. The Mirror is a first rate paper, and this will add a new feature to its interest.

The small bundle on which we paid 25 cents freight did not come from Providence in the Perry, but in one of the packets.

The Fakir of Ava, young Francisco is in town and will play on Thursday evening next, when he says he is going to bring out an entire new feat dedicated to the Odd Fellows. Perhaps he is going to reveal some of their secrets? We will warrant the hall will be full of ladies if there is any prospect of that.

PUGILISTICS.—Two of the surveying schooner Gallatin's foremast hands came on shore last night to settle some dispute with their fists. They pounded each other's heads for a short time, when one fellow got hold of the other one's shirt collar, and pulled this garment off over his head, whereupon some two or three gentlemen stepped up and separated them.

While this fight was going on, two (other) dogs were fighting on the opposite side of the street. Some of the boys tried to get one of the parties to hold up till the other got through, so as to protect the muscements, but they were not disposed to be at all accommodating.

Capt. Stairs, pilot of the Cunard steamers, who has brought them from Halifax to Boston, and taken them hence ever since the inc commenced, died in Halifax a few days ago.

IMPORTANT ABOLITION MOVEMENT.

Letters received by the Caledonia from unquestionable sources, announce that on the 28th of July last the King of Denmark issued a decree declaring that all persons who should thereafter be born in his dominions should be born free, and that all persons in servitude in his dominions on the 28th July last, and remaining so on the 28th of July, 1859, shall be absolutely free, without compensation to the owners. In the negotiation with the colonists which preceded the issuing of this decree, he offered them the alternative of three years with a compensation of \$60 per head for each slave, or twelve years without any compensation, and they chose the latter. Denmark has three small islands in the West Indies, viz: St. Croix, St. Thomas, and St. John. St. Croix contains about 30,000 slaves. St. Thomas and St. John perhaps 5000 more.

In 1810 the population of Ohio was 45,365—in 1820, 581,434, and in 1840, 1,576,467!

The workmen have commenced on the new U. S. steamer Burlington, in the Philadelphia Navy Yard.

Mr. Gillett, of Washington, is preparing the history of the life of the late Silas Wright.

GIRLS READ THIS.—Cobbett says—Women so amiable in themselves, are never so amiable as when they are useful; and as for beauty, though men may fall in love with girls at play, there is nothing to make them stand to their love, like seeing them at work.

BROWN'S SARSAPARILLA AND TOMATO BITTERS.
The extensive sale of these popular Bitters is the best evidence of their excellence. No other medicine approved by the Faculty has had so successful a run within so short a period. They are entirely composed of vegetables, and are the most innocent and efficacious of any corrective yet offered to the afflicted. In our opinion these Bitters are one of the best compounds yet offered for the cure of dyspepsia, and the long train of nervous diseases. For sale by Frederick Brown, corner of State and Washington street.

The above is only printed as a proof of the high estimation in which BROWN'S Bitters are held by every one that has seen or experienced their wonderful virtues.

There is one thing that should always be thought of; that is, be sure and get the genuine. Always ask for BROWN'S, as that is the only original article of Sarsaparilla and Tomato.

Exeter, Me., Sept. 30, 1845.

OPINION OF A REGULAR PHYSICIAN.—This certifies that I have recommended the use of WISTAR'S BALSAM OF WILD CHERRY for diseases of the Lungs, for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases, where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

NO BOYDEN, Physician at Exeter Corner. NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicine, are, in every respect, TRUE. BEWARE OF COUNTERFEITS AND IMITATIONS. The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended, curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused unprincipled counterfeiters and imitators to plan of spurious mixtures, of similar name and appearance, for the genuine Balsam.

Be careful and get the genuine DR. WISTAR'S BALSAM OF WILD CHERRY. None genuine, unless signed by I. BUTTS. Address all orders to SEYMOUR W. POWELL, Boston, Mass. For sale by R. J. TAYLOR.

SANDS SARSAPARILLA.—This medicine is constantly performing almost incredible cures of diseases arising from impurities of blood. The unfortunate victim of hereditary disease, with swollen glands, contracted sinews and bones half eaten, has been restored to health and vigor. The scrupulous patient, covered with ulcers, loathsome to himself and to his attendants, has been made whole. Hundreds of persons, who had groined hopelessly for years under cutaneous and glandular disorders, and chronic rheumatism, and many other complaints springing from a derangement of the secretory organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. The testimony of those who have been cured by its use, with their residences, has been published from time to time, and were it desirable, a mass of the most overwhelming testimony could be brought forward proving most conclusively its inestimable value.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y. Sold also by Dr. R. R. Hazard and R. J. Taylor for Newport, by J. Russell, Fall River, by C. Dyer, Providence, and by Druggists generally throughout the United States.

Price \$1 per bottle. Six bottles for \$5.

PROCRUSTATION IS THE THIEF OF TIME.—Delay is dangerous—neglect that Gold and Cough a few weeks and the hope of recovery will be lost to you forever. Let not pecuniary consideration deter you from trying to save your life and health, while there is a chance. Consumption is a rapidly sweeping off thousands to the tomb; no disease has baffled the skill of Physicians like it; no Physician, perhaps, has done more for this large class of suffering humanity, than Dr. Wistar. An ounce of preventative is worth a pound of cure, therefore before your lungs become ulcerated, and so diseased that no human means can save you from an early grave, try in season, try at once, a medicine which has been of such infinite value to thousands—obtain a bottle of Dr. Wistar's Balsam of Wild Cherry, take it, get another, if necessary, persevere in using it, until you have removed the disease entirely, which if neglected will terminate your life. Be not deceived by quacks, with their imitations and counterfeits; buy none but the genuine and original, which is signed I. BUTTS on the wrapper.

Radway's Chinese Medicated Soap is superior to all imported French, Berlin, and other Soaps. Tuns, sunburn, pimples, blotches, pustules, ring-worm, salt-rheum, erysipelas, rash, scurvy, the bites and stings of musquitoes, rough and discolored skin, pale and sickly complexion all yield to the curative propensities and beneficial influence of this valuable and delicious efficient. In fact, be the complexion ever so disfigured, or the skin discolored or diseased, Radway's truly excellent medicated soap never fails in rendering the skin soft, smooth, fair, sweet, clear and healthy. Many persons suffer great annoyance during the summer season from the troublesome insects musquitoes. Those persons, subject to these annoyances, by applying Radway's soap to such parts of the countenance as is bitten, it will instantly alleviate the pain, subdue the irritation and instantly remove every vestige of blemish. For general toilet soap it is unequalled, it proves an agreeable perfume, and is entirely free from all poisonous admixtures, or irritating ingredients. Radway. Be sure to ask for Radway's Soap, and take no other. Sold for 12 1/2 cents per cake, by Dr. R. J. Taylor.

JONES'S SOAP.

MARRIED.

In this town, on Thursday evening last, by the Rev. Mr. Smith, Mr. Benjamin Stoddard and Miss Nancy Stoddard, both of this town.

DIED.

In this town on the 3d inst., Mary Littlefield, only daughter of the late Capt. Caleb L. Briggs, aged 5 years and 8 months.

Providence and New York papers please copy. Farewell, sweet babe, farewell; a long adieu. No more with pleasure shall we look on you; death, with his scythe, has come to cut you down. Now like the tender grass you must be mown. Just like a flower that blossoms o'er the green, To-day thou art—to-morrow, can't be seen. She's gone, and left her widow'd mother here, Whose aching eyelids drop the soothing tear; But, wherefore do you weep I dry up your tears. She now has got above your anxious fears; She's left a world of sorrow, sin and pain, With naught to call her back to life again. This lovely bud, beginning to expand, Was soon transplanted to that happy land, Where joys divine and unalloyed flow, Where love does reign, and endless pleasures grow; Oh, may you meet her in those realms above, Singing the wonders of redeeming love. BY A FRIEND.

GENUINE BEAR'S OIL. Highly Perfumed. Perhaps our ladies and fashionable men are not aware that the oil of the "Bear's Oil" (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. The great and only Successful Remedy for the cure of Con- sumption,

IS Dr. E. W. Vandersmith's INDIAN COUGH
BALM AND LUNG BALM.

123-READ-431

Disease of the Lungs and Throat cured.

White Plains, April 20, 1847.

This is to certify that I have been afflicted for
five years with a cough, pain in the chest, night
sweats, difficulty in breathing, etc., and I also
expectorated a large quantity of frothy matter and
blood, from which I was reduced to a perfect
skeleton, my throat was very much ulcerated. I
had lunar caustic applied to my throat twice a
week, but received no benefit; I have used one
hundred different kinds of Patent Medicines, re-
commended by my friends, but all to no purpose.
A friend of mine, Mr. Willett, whose lungs had
been affected for two years past, was cured by Dr.
Vandersmith's Medicine. He insisted upon my
trying Dr. V. and I did so. After I had used his
medicine 15 days, I expectorated large quantities
of yellow frothy matter, my chest expanded, and
my difficulty in breathing subsided. I persevered
with his medicine, and the result has been, I am
perfectly cured of all my sickness. I recommend
every consumptive to try Dr. V.'s medicine, I am
confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Inflammation of the Lungs.

New York, June 19, 1847.

Dr. Vandersmith.—I have been subject to a
cough, pain in the chest, difficulty of breathing,
&c., for many years past. About four months
ago I took a severe cold, which settled on my
lungs. I was unable to attend to my business
during the day. I would have dreadful coughing
spells, that I thought it was impossible for me to
survive unless I could get relief. The excessive
night sweats had reduced my whole body to a
skeleton. I expectorated white frothy mucus,
in fact, should I give the full particulars of my
case, it would be almost incredible. I was recom-
mended to try Dr. Vandersmith's Indian Cough
Balm and Lung Balm. I consented; when I
had used it about one week, my cough decreased
considerable, which gave me great hopes. I con-
tinued with the medicine according to directions,
and the result has been that I am restored to health,
a blessing that I have not enjoyed for years, until
the present. I sincerely believe had I not made
use of Dr. Vandersmith's invaluable medicine,
that I would be mouldering in the silent grave.
Therefore I believe that I am doing nothing but
what is justice, in stating the above facts, so that
you may show it to all the afflicted who may call
upon you to administer to them. I shall be
pleased at any time to converse with the afflicted
who call upon me. Your grateful patient and friend,
JAMES B. HENDERSON,

Consumption.

Staten Island, June 10, 1847.

Dear Sir—I take great pleasure in giving you
my certificate, last December I was attacked with
a severe cough, pain in my left side, loss of appe-
tite, and continual raising of white and yellow mu-
cus. Some days I raised a half-pint of mucus,
streaked with blood. I have been under the treat-
ment of a dozen physicians, I was recommended
by Dr. Mitchell of Philadelphia, to use a Breathing
tub, I purchased one, I only made use of it one
week, it was the cause of bringing on a hemor-
rhage of the lungs, which reduced me so much that
I was unable to sit up, my voice was entirely de-
stroyed, it was difficult for persons to understand
me. I saw Dr. Vandersmith's Medicine recom-
mended very strongly by a patient whom he had
cured. I sent for half a dozen bottles, I received
great benefit from that, which induced me to pur-
chase a dozen bottles, I took according to the di-
rections, and it cured me perfectly sound.

Yours, &c. ROBERT WILLSEY.

The American Improved Hygienic Vegetable
Medicine.

123-SAFE, CHEAP AND EFFECTIVE.

[This medicine makes no pretensions to miracu-
lous powers, the raising of the dead, or to im-
mense and astounding sales daily and hourly, af-
ter the most approved method of the times; but
bases all its claims upon plain common sense prin-
ciples, as a simple and to nature in restoring the
human system to its proper tone and action, when
by carelessness or unavoidable circumstances it has
become deranged or debilitated, and asks simply a
faithful trial as a test of its curative properties.—
During the last twenty years it has worked its
way into extensive use, wholly upon its own merits,
by commendation from individual to individual,
not having been advertised for more than twelve
years fill within the past few months—save occa-
sionally in a journal of which the present prop-
rietor is Editor. The increasing demand, however,
has measurably compelled greater attention to its
business, and agencies are now being established
throughout the country.

A faithful trial of a half dollar or dollar pack-
age is almost certain to secure use in every family
where it is introduced, where medicine is needed.
The undersigned has used it in his own family for
more than fifteen years—has knowledge of its ap-
proval use in many others, (for periods varying
from months to fifteen or sixteen years,) as their
only medicine, and knows it to be valuable in most
of the complaints incident to the human system.
But a long or extravagant commendation is not
designed or needed here. Ten thousand more as-
sertions in its favor will not make it valuable, or
satisfy reasonable persons without a trial; for the
proof, after all, must lie in the use of it. Try it,
then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced, to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians and
citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.

The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It clears the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GREY HAIR.
It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the harshest hair into the soft-
est, glossy, and healthy state, also imparts to it
a darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the founda-
tion of a good head of hair.

DR. BANNING'S PATENT LACE

An immediate Relief to Incipient Consumption, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusion, and Diseases
of Women, without Medicines.

THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and Grison of New
York, the faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show what kind of testimony might be produced
in many cases:

Middletown, June 25th, 1843.

Dr. Boardman,

Sir.—In answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836, from
that time continued to grow worse, when in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose from all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
deriving no benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a "good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly painful
have become useful, so that I can walk com-
fortably. I am able to shave myself with comfort,
which for many years I have not been able to do.
The piles, which have troubled me for nine years,
are nearly eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasure
and benefit. Yours, &c. WM. BANNING.

Dr. G. M. Boardman.

Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir.—In answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that for twenty years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her
most distressing complaints, palpitation of the
heart, oppression and a sense of great weight at
the pit of the stomach, protrusion of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.

STEPHEN BROOKS, JR.

Providence, Feb. 26, 1846.

Doctor Boardman.—Dear Sir—I now take my
pen to inform you that my wife's health has im-
proved very fast for the last two weeks from wear-
ing one of your Laces. She has been out of health
about two years and has worn a different Support-
er from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as smart as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how or what to write.
But one thing I do now, that she has been under
the care of seven Doctors in one year—and wear-
ing your Lace two weeks has or will do the cure
in a very short time. I want to write more, but I
have no more. I am truly, your friend and well
wisher.

Doctor Boardman, proprietor of Bannings cele-
brated Patent Body Brace, for this state, has taken
rooms at No. 8, Broad street, where he may be con-
sulted, free of charge. He is enabled to treat, suc-
cessfully, cases of Rheumatism, Neuralgia, Head-
aches, Deafness, loss of Voice, Bronchitis, Weak-
ness and curvatures of the spine, and chronic dis-
eases generally. He is enabled to refer to numer-
ous cases in Providence, and this town. aug 28

MR. ABRAHAM VANDERBEEK, of 98 A-
venue D., New York, certifies that his head
was entirely bald on the top, and by the use of
two 3s. bottles of Jones' Coral Hair Restorative,
he has a good crop of hair, and will soon have it
long and thick.

Mr. William Jackson, of 80 Liberty street, Pitts-
burgh, Pa., certifies: On the 3d of February,
1847, that Mr. Thomas Jackson's head, on the
top, was entirely bald for 15 years, and that by
using two 3s. bottles of Jones' Coral Hair Restor-
ative, the hair is growing fast and thick, and will
soon be entirely restored.

Gray Heads! Gray Heads! Read—I hereby
certify that my hair was turning gray, and that
since I have used Jones' Coral Hair Restorative,
it has entirely ceased falling—is growing fast,
and has a fine dark look. Before I used Jones' Coral
Hair Restorative, I combed out handfuls of hair
daily. WM. TOMPKINS, 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair
choked up with dandruff, and Jones' Hair Restor-
ative entirely cured it.

Do you want to dress, beautify, and make your
hair soft and fine? Read—I, Henry E. Cullen,
late barber on board the steamboat South America,
do certify that Jones' Coral Hair Restorative
is the best article I ever used for dressing, soft-
ening, cleansing and keeping the hair a long time
in order; all my customers preferred it to any-
thing else.

TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been
found highly beneficial and of great use to la-
dies who have been afflicted with superfluous hair,
principally when its growth has been confined to
the upper lip and side of the face, giving a mascu-
line turn to the whole features. When used with
proper care, and according to the directions, it will
be found to be a great addition to the toilet, as the
use of any sharp instrument is entirely avoided,
and the hair is removed in five or ten minutes af-
ter its application.

This composition is infallible, and warranted to
remove superfluous hair. After numerous trials, I
have received certificates of success which cannot
be contested. For sale, wholesale and retail, at

their hair, without the least inconvenience.—
For changing red or gray Hair, Whiskers, Eye-

position is the only one sanctioned by the science
of Chemistry, to dye, in an indelible manner, the
various gradations of colors, without danger or in-
convenience, and has justified the liberal patro-
nage and unlimited confidence of the public. If
black is required, ask for box marked N, if brown,
box marked B.

IT IS NOW ABOUT TEN YEARS SINCE THIS MEDICINE HAS

been introduced to the public, and it stands un-
rivaled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your es-
pecial and general good that you should make use
of one bottle of the MOTHER'S RELIEF before
confinement. Then you can approach the par-
turgent chamber without feeling as if you were go-
ing to the chamber of death. If you rest as-
sured it will still all fertile and nervous affection.
It smooths and shields from irritation and by
its peculiar properties it destroys the cause of her-
morhage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ening abortion where it is possible to be prevented
in cases of Spasms, &c., causing frequent alarm,
from two to three doses will give immediate relief.

As the subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States),
or on the manufacturer, and they will be furnished
with a pamphlet in which they will find all the
facts to form a correct opinion of its merits, (and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for HAN-
THOLCK'S Mother's Relief. None is genuine, un-
less our signatures are found within the wreath
of the direction that is pasted on the bottle, signed
with our own hand, and over the neck of the
bottle is a fac simile of our own hand writing also.
By attending to the above directions, no one need
be imposed upon. All orders will be promptly
attended to. DR. G. A. BARTHOLOIC.

Miracle.

ON the 4th of August, in the year 1843, a sin-
gular scene occurred in the Royal Scientific In-
stitution of France. The aged, white headed
President, his head bare, his arms outstretched, his
face radiant with smiles, (for science was triumph-
ant,) and his voice with gratulatory tone, delivered
the following report:

"We are astounded at this singular preparation;
where indeed will science stop! Here we have a
preparation made in the form of a beautiful piece
of soap, which we know by actual practice, to
cure every cutaneous eruption, every disfigure-
ment of, and even discolored skin! Where will
its magic and singular power cease? The Negro,
the Creole, the Yellow Race of the East, and the
Red Man of the far West, are alike under the in-
fluence of its extraordinary powers of clearing yel-
low or discolored skin, and making it white and
beautiful, and of changing the color of dark, or
black, or brown skin." (Here several persons
were brought forward by the President, who had
used it, in proof of his assertion.)

There are probably few persons of intelligence,
who, after reading the above, will doubt the qual-
ities of JONES' ITALIAN CHEMICAL SOAP,
in curing Pimples, Blisters, Salt Rheum, Scoury,
Erysipelas, Scars, Heals, Old Sores, Beard
and Barber's Itch, Chapped and Tender Flesh, Freck-
les, Tan, Sunburn, and changing dark sunburn or
yellow skin to a pure, clear white, as smooth and
soft as an infant's, and in fact every kind of erup-
tion and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct., 1844.]

One of our subscribers, Mr. H. Leonard, in-
forms us that he has been cured of old, scaly, salt
rheum, of eighteen years standing, on his head,
fingers and hands, by a cake of an article much
advertised lately—we speak of Jones' Italian
Chemical Soap. He also informs us that he has
tried its effects on his female slave Rose, much
marked with sun spots, and he found in two
weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was
cured of carbuncles and pimples, which he was
afflicted with for many years, by part of a cake of
Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for
Jones' Italian Chemical Soap; and perhaps, as
many who have been cheated with counterfeits,
will be too much discouraged to try the genuine,
we say to such, try this once—you will not regret
it; but always see that the name of T. JONES
is on the wrapper. For sale in Newport by
